

Pupil Acceptable Use Policy Agreement Form

Digital technologies are an integral part of the lives of children and young people, both within schools and out. They are powerful tools, which open up new opportunities for everyone, stimulate discussion, promote creativity and promote effective learning. However, young people should have an entitlement to safe internet access at all times.

This Acceptable Use Agreement is intended to ensure:

- that young people will be responsible users and stay safe while using the internet
- use for educational, personal and recreational use.
- that school systems and users are protected from accidental or deliberate misuse, which could put the security of the systems at risk.

Acceptable Use Policy Agreement

I understand that I must use school systems in a responsible way, to ensure that there is no risk to my safety or to the safety and security of the systems and other users.

For my own personal safety:

- I understand that the academy will monitor my use of the systems, devices and digital communications.
- I will keep my username and password safe and secure - I will not share it, nor will I try to use any other person's username and password. I understand that I should not write down or store a password where it is possible that someone may steal it.
- I will be aware of "stranger danger", when I am communicating on-line.
- I will not disclose or share personal information about myself or others when on-line (this could include names, addresses, email addresses, telephone numbers, age, gender, educational details, financial details etc.)
- If I arrange to meet people off-line, who I have communicated with on-line, I will do so in a public place and take an adult with me.
- I will immediately report any unpleasant or inappropriate material or messages or anything that makes me feel uncomfortable when I see it on-line.

I understand that everyone has equal rights to use technology as a resource and:

- I understand that the academy systems and devices are primarily intended for educational use and that I will not use them for personal or recreational use, unless I have permission from an adult in school.
- I will not try (unless I have permission) to make large downloads or uploads that might take up internet capacity and prevent other users from being able to carry out their work.
- I will not use the academy systems or devices for on-line gaming, on-line gambling, internet shopping, file sharing, or video broadcasting.

I will act as I expect others to act toward me:

- I will respect others' work and property and will not access, copy, remove or otherwise alter any other user's files, without the owner's knowledge and permission.
- I will be polite and responsible when I communicate with others. I will not use aggressive or inappropriate language and I appreciate that others may have different opinions.
- I will not take or distribute images of anyone without their permission.

I recognise that the academy has a responsibility to maintain the security and the integrity of the technology it offers me and to ensure the smooth running of the academy

- I will not use my own personal devices (mobile phones/USB devices) within the academy.
- I understand the risks and will not attempt to upload, download or access any materials which are illegal or inappropriate or may cause harm or distress to others, nor will I try to use any programmes or software that might allow me to bypass the filtering /security systems in place to prevent access to such materials
- I will immediately report any damage or faults involving equipment or software, however this may have happened.
- I will not open any hyperlinks or attachments to emails unless I know and trust the person/organisation who sent the email, or if I have any concerns about the validity of the email (due to the risk of the attachment containing viruses or other harmful programmes).
- I will not install or attempt to install or store programmes of any type on any school device, nor will I try to alter computer settings.
- I will not access social media sites within the academy.

When using the internet for research or recreation, I recognise that:

- I should ensure that I have permission to use the original work of others in my own work
- Where work is protected by copyright, I will not try to download copies (including music and videos)
- When I am using the internet to find information, I should take care to check that the information I access is accurate, as I understand the work of others may not be truthful and may be a deliberate attempt to mislead me.

I understand that I am responsible for my actions, both in and out of school.

- I understand that the academy also has the right to take action against me if I am involved in incidents of inappropriate behaviour that are covered in this agreement, when I am out of school and where they involve members of the school community (examples would be cyber-bullying, use of images or my personal information).
- I understand that if I fail to comply with this Acceptable Use Policy Agreement, I will be subject to disciplinary action. This may include loss of access to the school network and facilities, sanctions in line with the school behaviour policy, contact with parents and, in the event of illegal activities, involvement of the Local Authority and the police.

Please complete the sections below to show that you have read, understood and agree to the rules included in the Acceptable Use Agreement.

I have read and understand the above and agree to follow these guidelines when:

- I use the academy systems and devices (both in and out of school)
- I use my own equipment out of the academy in a way that is related to me being a member of this academy eg communicating with other members of the school, accessing school email, VLE, website etc.
